About Me

As a highly motivated User Experience Designer with a specialization in mobile and web application design, I possess a strong skill set in Human Centered Design, research, empathy towards users, wireframing, and creating interactive screens. I am able to effectively collaborate in a dynamic team environment and am eager to utilize my skills and experience to further my understanding in the industry through real-time design projects.

Experience

UX Design Internship (Vehiclecare)

 Oct15, 2022 - Jan15 , 2022

- Solved Company's internal B2B problem by designing Billing App that increased Business Sale rates by 20%.
